

BornAgain - Feature #1063

Add item in drupal troubleshooting section explaining conflict with previous BornAgain installation

04 May 2015 15:06 - pospelov

Status: Archived	Start date: 04 May 2015
Priority: Normal	Due date:
Assignee: pospelov	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version: Sprint 27	

Description

- (Linux) If BornAgain was already installed and is present in LD_LIBRARY_PATH and PYTHONPATH, then the new installation will fail on the stage of "make check" because new tests will conflict with older version of libraries.
- Write section in troubleshooting explaining the case
- Think of improvements in "make check" so it could catch cases with non-empty LD_LIBRARY_PATH and warn the user about previous BornAgain installation
