

## BornAgain - Bug #1448

Feature # 418 (Rejected): === Configuration & Build ===

Feature # 1686 (Rejected): == Release procedures and pre-release actions ==

Configuration # 1150 (Rejected): Improve release script procedure

### Remove html directory from source tarball

03 Jun 2016 09:24 - pospelov

<b>Status:</b>	Rejected	<b>Start date:</b>	03 Jun 2016
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
<ul style="list-style-type: none"><li>• It looks like our current 1.5.1 tarball contains unnecessary 'html' directory with whole content<ul style="list-style-type: none"><li>◦ Our previous 1.5.0 tarball doesn't have it</li></ul></li><li>• It might be due to the fact, that 1.5.1 was produced by the not very well tested 'hotfix' procedure, and not the 'release' procedure<ul style="list-style-type: none"><li>◦ I might have generated in not from the clean directory, but from my own source directory</li></ul></li><li>• There is no need to change 1.5.1 tarball,</li><li>• But make sure, that release/hotfix procedures are following more or less the same steps</li><li>• Think of introducing additional validation for the tarball making procedure</li></ul>			

### History

**#1 - 03 Jun 2016 11:56 - wuttke**

- Parent task set to #1150

**#2 - 01 Jul 2016 12:49 - pospelov**

- Status changed from New to Rejected

so it was a mistake during hotfix procedure. Nothing to be done here.
