

BornAgain - Bug #1658

Feature # 1680 (Resolved): Provide 1.7.1 hotfix

add qt5-svg as a dependency

22 Nov 2016 09:31 - jmfisher

Status:	Resolved	Start date:	22 Nov 2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 33		
Description			
The qt5 svg libraries are a runtime dependency of BornAgain GUI, but not a compile-time dependency. On Arch linux for example, qt5-svg is a separate package which does not come with qt5base. So it is possible to successfully compile BornAgain without any errors or warnings, but without qt5-svg the GUI will be missing many icons.
