

BornAgain - Refactoring #1835

Review/refactor slicing machinery

04 Sep 2017 15:57 - herck

Status:	Resolved	Start date:	04 Sep 2017
Priority:	Normal	Due date:	
Assignee:	herck	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 35		
Description			
Although most of the interfaces for slicing/average materials are clear, many of the internals could use some refactoring (e.g. multiple clone methods in MultiLayer)
