BornAgain - Bug #2008

GUI->Fitting: ROI in experimental data causes NaN fitting parameters

12 Mar 2018 17:02 - ganeva

Status:	Resolved		**Start date:**	12 Mar 2018
Priority:	Normal		**Due date:**	
Assignee:	pospelov		**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				

Description

Presence of the ROI in the experimental data causes the following error message by fitting:
`FitParameterSet::setValues() -> Error. Attempt to set nan 'par0'.`

To reproduce:
- start BornAgain GUI
- create a sample (I took predefuned cylinders and prisms)
- load some experimental data, switch to the mask editor and select a ROI
- run simulation, try to fit some parameter
