

BornAgain - Bug #2009

qwindowsvistastyle.dll cannot be found under Qt5.9.3 on windows

12 Mar 2018 21:32 - dmitry

Status:	Rejected	Start date:	12 Mar 2018
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 37		
Description			
Probably, because it is not a separate library until Qt5.10.0.			
Output from CPack -C Release:			
CPack -C Release

CPack Error: Error when generating package: BornAgain			

History

#1 - 13 Mar 2018 17:40 - herck

- Status changed from Sprint to Rejected

This issue is known. Since we only provide installers for Windows systems, and these are build with Qt5.10, this poses no problem.

#2 - 14 Mar 2018 10:35 - dmitry

I still will disable this library installation for older Qt versions and add warning for developers.
