

## BornAgain - Bug #2044

### Users cannot see python functions' descriptions, jump to their definitions or use autocompletion in PyCharm

<b>Description</b>			
<p>Because the directory BornAgainInstallationDirectory/python included in interpreter dependencies does not contain actual python libraries of BornAgain. If BornAgainInstallationDirectory/bin is also included in interpreter dependencies, everything works just fine.</p> <p>The easiest way to avoid this problem is to revise installed project directory structure.</p>
