

BornAgain - Bug #2146

GUI: back compatibility broken

13 Sep 2018 11:09 - ganeva

Status:	Resolved	Start date:	13 Sep 2018
Priority:	Normal	Due date:	
Assignee:	dmitry	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 38		

Description

GUI is not able any more to load the project saved in the last release version. The error message is:

Exception thrown 'Error in RealDataItem::dataItem: underlying data item was not set.'

This concerns only projects containing experimental data.
