Correct formula for exponential distribution in manual

04 Oct 2018 15:58 - herck

Status:	Resolved	Start date:	04 Oct 2018
Priority:	Normal	Due date:	
Assignee:	herck	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 39		
Description			
In the section 'The radial paracrystal', in the table with the different distributions, there is an wrong factor of 2 inside the exponent of the exponential distribution. It should read: " $\exp(- x /\omega)/(2\omega)$ "
