

BornAgain - Feature #2254

Units: Proposal about uniform units of measurement

10 Dec 2018 17:29 - Uliana_Koneva

Status:	Backlog	Start date:	10 Dec 2018
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Proposal When I enter invalid simulation parameters, the "Houston, we have a problem" window appears. The dimension of the angle is radians. In the program degrees are used. It would be convenient if in everywhere one dimension (degrees) was used.			

History
