

BornAgain - Feature #2352

Provide means to save real-space view as image (or animation?)

13 May 2019 12:55 - wuttke

Status:	Rejected	Start date:	13 May 2019
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
There should be a way to save the real-space sample view as an image (jpg).			
Nice to have: create a little animation that shows the sample from rotating perspective.			

History

#1 - 14 May 2019 11:45 - pospelov

- Status changed from New to Rejected

Duplicates [#2294](#), so rejecting. Request for nice-to-have animation added there.
